

Acceptance Letter

Thanks for nominating me as a candidate for the post of President Elect ICNA!

I have had the privilege of serving as a member of the ICNA Executive Board, and of interacting and working with an exceptional international team of dedicated, talented and committed board members. Born and brought up in India, I am well familiar with the enormous challenges faced in resource-poor countries. At the same time the many opportunities that I have had to train, work, and teach in several international countries, has provided me a wide global perspective. As the current elected Secretary of ICNA, I now have a deeper insight of ICNA.

I feel honoured to be nominated for President-Elect of ICNA, and I accept this with sincere gratitude.
